Section 2

The game is the Rangers versus Aces, on Diamond 1 at West Stadium. Rangers will field first. You will only score Rangers side of the game.

Fill out the lineup from the roster supplied on the right.

You are only scoring the Rangers batting, however you will need to do the end of innings analysis, including the ball and strike counts. The pitches are marked in italics.

Assume that all fouls are to the catcher unless indicated by a notation after it (1B = 1st base line, 3B = 3rd base line, LF = Left Field, RF = Right field)

There will be times that you may need to make assumptions and make judgement calls about what to score. This should be based on your knowledge of game situations.

"Batter" will mean the batter in the box at the time of the play.

"Baserunner" will mean baserunner(s) on base at the time of the play.

"Batter/Baserunner" will mean the batter who then becomes a baserunner as a result of the play and making 1st base safely.

Substitutions and Fielding Changes notified by the coaches are indicated in italics. Changes are made using shirt numbers eg #3. Exception is for fielding changes where positions may be used.

The game commentary for answering this section is at the back of this answer booklet in the appendix. Detach it and use to answer on the scoresheet provided in this booklet.

Section 4 - Advanced Scorers Section

This section is to be completed by ALL Grade 6 & 7 scorers. Grade 5 scorers wishing to be considered for regrading to grade 6 may choose to complete this section.

All scorers undertaking this section must complete Part A.

You then choose ONE of Part B (Chief Scorer Role) or Part C (Statisticians Role).

Part A - Compulsory for all undertaking Section 4

1 At a tournament Chief Scorers and Statisticians will need to check scorer's scoresheets for accuracy. List twelve different (12) things that you would check.

Any Twelve of these	The Box score has been proved correctly
	Count the dots in the Earned Runs in the body of the scoresheet, and make sure that the correct number have been charged against the pitchers.
	The Box Score total should equal the total BF by all pitchers on the opposing team, and also the total of the IB column. (If the box score doesn't balance this check will show you which side of the box score total is wrong).
	Check RBIs by counting the runs in the body of the scoresheet that qualify as RBIs, and then make sure that this equals the total of the RBI column.
	Innings Pitched x 3 = put outs on opposite side of fielding.
	If there have been any batting changes, make sure that all the batting analysis has been split including PR's & DR's
	If there have been any fielding changes, make sure that the fielding analysis (especially pitching and catching), has been split.
	Where there are two or more pitchers that the pitching analysis is split correctly
	Where there are two or more catchers that the catching analysis is split correctly.
	SB's and CS's are analysed in batting analysis
	All end of innings analysis figures have been dropped down correctly. (especially WP, PB & IP)
	The start, finish and total time has been recorded correctly.
The total BB, HP, H, 2B, 3B, HR and Ks in the pitchers stats should equal the total of the BB, HP, H, 2B, 3B, HR and K columns on the other side of the scoresheet.	
The total BB, H and Ks in the pitchers stats should also equal the total of the BB, H, and Ks at the bottom of the innings columns on the other side.	
Check that all Assists and Errors have been transferred to the bottom of the innings and then to the fielding stats (It is a good idea to count the E's in the body of the scoresheet).	
The batting, fielding and pitching columns are totalled.	
Reach Bases have been correctly indicated in the batting analysis

Part B - Chief Scorer Role

1 When speaking as the Tournament Chief Scorer at the Managers Meeting, name 4 things that you should mention to the teams.

Any four of

Welcome visiting team scorers
The location of the scorers' room
The location of a notice board for daily stats
The policy with respect to photocopies of scoresheets
If you have exam games and bar games, let them know there could be more than 1 scorer on a game. Tell them to deal only with the official scorer (especially for substitutions) and that you will look after the others.
Make sure everyone understands how to fill in a lineup sheet (especially DP and DR). Offer to help if necessary.
Also offer to help if anyone doesn't understand what the DP can and can't do. The Chief Umpire may cover this
Make sure players names are spelt correctly . This could affect life time statistics.
