

NZ White Sox on the Road...
21/08/14

The NZ White Sox Team fell to a crushing defeat against China today losing 7-0. The loss was a devastating blow to the goal of the team to finish in the top 8.

Danica Ferriso continued her fine hitting form in the bottom of the 1st innings with a drive to right field, but was left stranded on base. Katrina Nukunuku, Ellie Cooper, Mel Gettins and Lara Andrews all got hits to gain base but were also left stranded on base.

Errors were costly for the Sox at key moments of the game, however the Chinese batters overwhelmed the White Sox defence with 8 hits scoring their seven runs.

The White Sox face Puerto Rica tomorrow and still have a chance of improving their previous placing at world championship level.
