Objective:

To provide significant and quality opportunities to our elite players, umpires, scorers, administrators, coaches to perform at the highest level domestically.

National Fastpitch Championship

The NFC for the 2018/19 season is to be based on the following principles:

1. Association based with a maximum entry of eight (8) teams in each of the Men's and Women's competitions.
2. Format to be a 4 day tournament
3. To be held 14th Feb – 17th Feb 2019 in Christchurch

Entry Fee

The Participation Fee for the 2018/2019 NFC is set at \$510.00 incl. GST.

Payment of the half the determined Entry Fee is to accompany the Entry Form by no later than **Monday 3rd Dec, 2018**. Failure to pay half the Entry Fee by the due date will render the entry null and void. Late entries will not be accepted. The full payment should be made no later than **Friday 11th January 2019**, otherwise the entry will be null and void and there will be no refund on any monies already paid.

Player Eligibility

All prospective players must register for the NFC if they wish to be selected for an Association team. Registration for NZ players must be submitted to SNZ by 10th Dec, 2018. All players must be registered to a SNZ association.

NZ Players who wish to play in the tournament who are based overseas and who are not affiliated to a NZ association, can register to play for the association they were registered with before they left to be based overseas. These NZ players also have the choice to be placed in the draft if they want to, so as to be selected by a participating team.

Only one overseas player (this means any player who is not a NZ Citizen, does not have NZ Residency status, or has not represented NZ from U19 and over) can participate in each Association. They must be registered by way of completing and submitting the appropriate form (see Appendix E) to SNZ a little earlier in New Zealand (than an NZ player) and be presented to SNZ by Monday 3rd Dec, 2018 with appropriate paper work from their international body allowing them to participate in the competition. **The overseas player must have played a minimum of 3 premier club games (Top 2 divisions within a local association competition) within the season (tournaments do not count) before the start day of the NFC.**

1. For this tournament, a NZ Player is defined as a New Zealand Citizen, or NZ Resident, or a player that has played for a Softball NZ National team from U19 and over.
2. Registration for NZ player's inclusion in the NFC is by way of completing and submitting the appropriate form (see Appendix E) to SNZ by **10th December, 2018**, which will be available by downloading from the SNZ website (www.softball.org.nz). While it is the responsibility of individual players to ensure they are registered,

Associations are encouraged to carry out this registration process on behalf of the players and submit the forms in bulk by the due date.

Note: The NFC is for the development of New Zealand's elite players. We also do not wish to allow players to take the New Zealand season off if they are interested in participating at the elite or International level for New Zealand. If a player wishes to represent New Zealand (as per the SNZ Selection Policy See Appendix F) they must compete in the National Championship.

Protected Players

Protected Players (PP) are the players that each Association names on the applicable date set by the NFC each year as the base of players that will make up that NFC team. It can range from a minimum of 10 to a maximum of 15.

Each Association team can protect/select a minimum of 10 and a maximum of up to 15 players from their region "only". A maximum of three of those PP can be pitchers. Note: all PP pitchers must be clearly designated in any team list submitted.

Protected Players (PP) for the 2018/19 NFC must be named by 5pm, Friday 4th January, 2019.

Note:

With only seven days between the naming of Protected Players and the actual Draft no changes to the PP list will be accepted unless due to exceptional circumstances and agreed to by Softball NZ.

All NFC team player requirements from the time of the draft must be drawn ONLY from the list of draft players.

Pitchers must be named and clearly designated in the PP list.

Player Draft

All players who are not designated Protected Players (PP) by an Association on 4th January, 2019 who have completed registration for the NFC will be submitted for the draft. The draft selection will take place on Tues 8th Jan, 2019.

For the purpose of the draft all NFC teams will be seeded according to the ***order of finishing in the NFC of the previous season***. The purpose of the seeding is to ensure that the lower seeded teams have the first call on players.

Note:

Seedings for the 2018/19 NFC will be determined by finishing order in the 2017/2018 NFC. Any team entering in the 2018/19 NFC not represented by an entry in the previous season will be treated as if they had finished in "first" place in the 2017/18 NFC and thereby automatically assume the last position in the draft order. In the case of more than one team being a new entrant in any given year, the place in the draft would be as above with the order amongst those teams determined by ballot.

Draft Process

Players will be placed in one of two categories determined by the position stated as their main interest. Registered pitchers will be placed in one category, with all others (specialist catchers, infielders, outfielders and utilities) making up the other.

Pitchers are the only position that can refuse to be selected for a team as a utility (i.e. where it is clear they are not named as a pitcher) if they wish to be considered as a *pitcher only* in the draft. All other players must play as selected.

The bottom seeded NFC team will have first pick of a player in each category. In the general player category Franchise's can select two players, in the first round only. Subsequently all teams will select one at any time in rotation to a maximum of 5. They cannot exceed max. for pitchers (3) or the total draft allowance (5).

Each team will select in order of the established seeding. For example, the 7th seed first, the 6th seed second, etc, up to a total of six selections each. All seeds have the right to enter the draft. (*Attention is drawn again to the provision in the Note to **Player Draft** above regarding the place in the draft order of a team which had not been entered in the competition in the previous season.*)

Note: The draft should ensure that the bottom seeded teams will be given the potential to compete by having early access to the Draft List.

Where a player has a natural affinity (birth, played in that area, etc) with an association then a negotiation may take place between coaches but the team with the choice in the draft has final call. If nothing is negotiated then the selection stands. Example: Coaches agree to swap selections based on the fact that one of the persons was born in the Association zone.

Note: If players are not chosen as a 'Protected Player' by their home association they then go into the draft. On the registration form these players can choose that if they are not picked up by their home association they will not play for another association team. However, where a player refuses to play for a Franchise team then he/she is ineligible for any other team in the tournament.

All seeds can potentially enter the draft as even the top seed may have a requirement that should not be overlooked.

The draft will take place on 8th Jan, 2019 by phone conference. The Draft meeting will be coordinated by the Event & National Teams Manager.

Note: Players not registered on 10th Dec 2018 (3rd Dec 2018 for Overseas Players), cannot be considered for the draft. Softball NZ is trying to develop as close a competition as possible and needs to ensure that every team has current or potential elite players in their numbers. Four associations have a strong base for selection of their teams and may not need to utilize the draft, outside of an emergency. The attempt is also being made to ensure that there is transparency in players getting onto the diamond and that the main basis for participation is the players wish to represent New Zealand.

Replacements

After the draft, teams will be permitted replacements if players need to pull out due to injuries or extreme circumstances which prevent them from attending the tournament. Any replacements need approval from SNZ. These replacement players must come from the player draft.

Once a player has been replaced as above they may not return to the team.

Payment of Entry Fee (or Participation Fee)

The Participation Fee for the 2018/19 NFC is set at \$510.00 incl. GST.

Acceptance of the invitation to enter the NFC will only be confirmed when the Entry form (see Appendix E) is signed and returned and the payment of half the entry fee to have been paid on 3 Dec 2018. The Participation Fee to be paid in full on or before 11 Jan, 2019.

Appendix A

National Fastpitch Championship Rules

Playing rules

2018 Softball NZ Rules will apply with the following additions for the NFC. Further rules or regulations, if required, will become effective when each Franchise secretary or team manager is notified in writing by the National Fastpitch Championship (NFC) Commission.

Team numbers

All games in the NFC will involve a maximum of 15 players per team.

Points

Points will be awarded on the basis of 5 for a win, 2 for a tie breaker loss and 1 for a loss by 2 or less. Where tie breaker points are awarded no other points can be gained.

Points for cancellations/rainouts

Where possible all games will attempt to be played, the STR has the final decision on if it is practical and achievable to fit in all un-played games. Where games are rained out or unable to be played, there will be a split point's situation. This means each team will be awarded 2.5 points.

Seven Innings Games

All games will be standard regulation games. The finals day may be restricted to time games so as to keep to strict Sky TV live coverage.

Protected players

All associations must name between ten and fifteen protected players.

Pitchers

All teams must name three pitchers. These three named players are the only three who can play in that position in the NFC. Where one pitcher becomes injured 1 reclassification is allowed. The team with the injured pitcher may be required to show a medical certificate before a reclassification can take place, this is up to the discretion of the STR for the tournament. If you can't put a pitcher (either one of your 3 named pitchers or your 1 reclassified pitcher) on the mound you default the game.

NB: – If the pitcher is injured and the team reclassifies then the injured pitcher may not be brought back into the tournament as a pitcher. They may however continue to play in a different position.

Eligibility A – NZ Players (NZ Citizen, NZ Resident, Represented NZ from U19 & over)

All prospective players must:

- Be registered prior to the start date of the tournament with a club within the Association or composite team you represent
- Register in writing for the NFC if they wish to be selected and play for an Association.
- Player must be financial with their own respective associations

Eligibility B – non NZ Players

- Only one non-New Zealand player can participate in each Association team.

Replacements

After the draft, teams will be permitted replacements if players need to pull out due to injuries or extreme circumstances which prevent them from attending the tournament. Any replacements need approval from SNZ. These replacement players must come from the player draft.

Once a player has been replaced as above they may not return to the team.

Protests

All protests shall be decided by a Protest Committee formed by the STR who will render decisions in accordance with the Official Playing Rules and NFC Regulations.

The Protest Committee shall consist of three persons, of whom one member shall be the NFC STR who shall be the Convener of the protest, one member shall be the local Tournament Organiser or his/her nominee, while the third member shall be the fixtures Chief Umpire or his deputy.

The Protest Committee shall have judiciary powers to deal with matters requiring disciplinary action including the imposition of the necessary penalty when a player, manager or coach is ordered out of a game.

Video evidence is acceptable as evidence in a judicial hearing. Such evidence shall be available to both parties. If the Protest Committee considers that the offence warrants a penalty greater than that available to it, the Committee shall provide full details of the matter to Softball NZ for its attention.

Whenever a matter of protest arises during a game, the Captain, Manager or Head Coach of the protesting team shall immediately notify the Umpires, the opposing team's Head Coach and the Official Scorer, that the game is under protest. Protests shall be accompanied by a fee of \$100 which shall be returned only if the protest is upheld.

All interested parties will then be able to note the conditions surrounding the making of the protest and will aid the proper determination of the protest.

Immediately following the notification of an Official Protest being lodged in a game, the play shall be suspended and the protest shall be dealt with immediately by the NFC Protest Committee.

Penalties

The Protest Committee can impose any penalties that are reasonable or appropriate to the circumstances warranting action by the Protest Committee or where no penalty currently exists. Appeals to the Protest Committee must be accompanied by \$100.

Appeals to Softball NZ

Appeals can be lodged with Softball NZ under the conditions outlined in the New Zealand Softball Association's latest Constitution. All such appeals are final.

Dress code and behavior

Coaches and players must at all times be dressed appropriately where they can be identified as representatives of an NFC team. On diamond dress shall be as prescribed in the SNZ Rule Book with all players attired in uniforms alike in colour, trim and style. Coaches must be neatly attired and dressed in team uniform or in suitable clothing in accordance with the team colours.

Any action or behavior that brings the game into serious disrepute will not be tolerated. In the first instance a report will be sent to the Association by the STR after the tournament for them to take appropriate action. However if the behavior should continue this may result in a loss of points if the STR deems this appropriate. Both Coaches and players MUST abide by their respective SNZ codes of conduct (See appendix B). The manager should report any breaches of the codes to the association to take appropriate action. The association should then provide SNZ with a written account of the action taken.
